

Technical Presentations

Laser Beam Shaping X

SPIE Optics & Photonics Annual Meeting San Diego, 2 - 6 August 2009

The Emerging Technology Group will be presenting several papers at the conference including:

1. 355 nm Diffractive Beam Shaper: Modes & Mechanism of Failure and its Impact on Operational Lifetime
2. Vacuum Isostatic Micro/Macro Molding of PTFE Materials for Laser Beam Shaping in Environmental Applications: Large Scale UV Laser Water Purification.

IPC APEX EXPO 2009

IPC Meeting Mandalay Resort & Conference Center Las Vegas, March 29 - April 2

Frontiers in Optics 2009/Laser Science XXIV

OSA 93rd Annual Meeting San Jose, CA, 11 – 15 October 2009

The Emerging Technology Group will be presenting several papers at the conference including "Optics for Renewable Energy" – paper TBD
